

Welcome to Eden Foodservice. We are delighted to be working in partnership with The John Bentley School. The Head teacher has kindly allowed us to display our current menu cycle on the school website, which we hope will provide you with a good insight into the quality meals available for your child/children. We specialise in providing catering services to schools & colleges, and take pride in delivering quality, freshly prepared food.

Encouraging Healthy Choices

Eden Foodservice is committed to providing nutritious school meals. We take a holistic approach to health and well being, making lunch time tasty, enjoyable and great value for money.

Focus on Nutrition

We employ a Registered Nutritionist who analyses our menus and ensures they are packed full of essential Nutrients and meet all of the most recent Government Nutritional Standards.

Taking a Hands on Approach

At Eden Foodservice our people are our key ingredient which is why we provide ongoing training, development opportunities and support for all team members.

If you need any further information regarding our school meals, please do not hesitate to contact our onsite Catering Manager who will be delighted to assist with your enquiry. You can also visit our website www.edenfoodservice.co.uk
